

## FOR IMMEDIATE RELEASE:

Corinth, MS, September 11, 2017 — D.I. Roof Seamers proudly announces the appointment of Jason Ray as Sales Manager.

Ray is a graduate of Purdue University with a specialty in Organizational Leadership and Supervision as well as LEAN Management. He has served for the past several years as the National Technical Manager of Metal Roofing Systems for Firestone Buildings Products. Previously he also served as the Training Services Manager and combines over 23 years of experience in construction, metal roof systems, training, design, and estimation to lead the D.I. Roof Seamers' Sales Team.

“Jason is an incredible fit for our team,” stated CEO Terry Rider, “his drive and experience will help move our customer service to the next level. We look forward to him being part of the team that takes our company into the future.”

In his new position, Ray will serve as Sales Manager for all US and Canadian sales teams as well as coordinating all communication and marketing efforts. Ray has been recognized for his dynamic leadership style and unwavering drive to help his customers.

“His arrival just before Metalcon in Las Vegas will allow him to hit the ground running at the biggest industry event of the year,” stated Business Development Manager Bo Newman. His position will work closely with D.I.'s Research & Development Team and engineers to develop new products and services to reach long-standing international market goals.

###

Developmental Industries and D.I. Roof Seamers make up the largest dedicated roof seamer manufacturer in the world. Quality roof seamers and hand tools are offered under rental and purchase programs to fit virtually any standing seam roof panel profile on the market.
