

FOR IMMEDIATE RELEASE:

Corinth, MS, January 4, 2016 —Developmental Industries and D.I. Roof Seamers proudly announce the appointment of Jonathan Rider as Chief Administrative Officer. The announcement was made by Terry Rider, CEO of the companies.

“Jonathan is a perfect fit for our team. He has an extensive and diverse background of metal roofing and sales that has formed him into the perfect candidate for this position,” stated Rider. “His leadership experience is a strong complement to our company and he will be invaluable as we continue to grow globally.”

Jonathan, has been on the job since October 1, 2015. His role as CAO will to bring his experience and skills to the fore-front as Developmental Industries and D.I. Roof Seamers continue to grow by managing all key components for all company locations, distribution centers, and international offices.

Developmental Industries and D.I. Roof Seamers make up the largest dedicated roof seamer manufacturer in the world. Quality roof seamers and hand tools are offered under rental and purchase programs to fit virtually and standing seam roof panel profile on the market. Contact us at www.diroofseamers.com or 1-888-343-0456 for more information.
