

FOR IMMEDIATE RELEASE:

Corinth, MS, November 3, 2014 — Industry leaders Developmental Industries and D.I. Roof Seamers announce the promotion of Bo Newman to Technical Director. The announcement was made by Todd Hight, General Manager of the companies.

“Bo is a team player and a great asset for our companies. He brings to the table years of experience, a great work ethic, innovative ideas, and a drive to excel in everything he does,” stated Hight.

Newman joined the D.I. team in 2009 and quickly advanced through positions in Sales, Technical Support, and Research & Development. His many years of experience and customer-focused training make him a natural fit for his new role and allow him to bring unique insight to our companies. Newman’s new role supervises the Research & Development and Technical Support branches of Developmental Industries and D.I. Roof Seamers. Newman and his team will also be instrumental in the writing of technical documents, field guides, and instructional videos.
